

CSM TALONS Robotics TEAM Application – updated for Fall 2017 – Spring 2018

Thank you for your interest in joining the CSM Talons VEX Robotics competition team. All students are invited to participate in the CSM Talons Robotics Club activities, and no application is required. **Club membership is open to all CSM students.**

Because of the very high costs of robotics equipment, limited lab space, and advisor availability, we can only accept the top students who apply. If you are interested in gaining a spot on the team, please fill out the application below and **email it to both berniceb@csmd.edu and rjacobs@csmd.edu.**

New member applications are accepted at the start of each semester, depending on available spots. Team membership is open to CSM students, including dual-enrolled high school students taking college classes. Students with prior robotics experience are highly encouraged to apply. While Engineering, Computer Science, and Engineering Technology students will likely find direct correlation of robotic design and programming to their career fields, the team also includes opportunities in leadership, marketing, project management, and writing for other projects.

- *Bernice Brezina, Ronda Jacobs, and Bill Luyster, Faculty Club Advisors/Team Coaches*

Name	
CSM Student ID	
Email address	
Phone number	Cell: _____ Home/Work: _____
Mailing address	
Semester & year you will be starting at CSM or number of credits already taken	
Expected CSM Graduation Date	
CSM Program or Major	
Why do you wish to join the team?	
Have you ever been on a robotics team? If so, please state your school name, competition name, and describe your robotics experience and accomplishments. (It is not mandatory to have already competed in robotics, but it does help if you had a leadership role on your team.)	
GPA	
Two (2) Teacher/Professor References (Name and School)	1. _____ 2. _____
